## GERMANS CONTINUE A HEAVY BOMBARDMENT

Are Hammering French Line For Fresh Attack at Point Where They Are Nearest Fortress. Russians Claim Success in Galicia Which Austrians Deny—Norwegian Bark and French Vessel Reported Sunk.

(By Associated Press.)  
London, March 23.—The German bombardment east of the Meuse continued today with undiminished intensity, although no infantry attacks were made last night. The persistence with which the Germans are pounding this section indicates they probably are preparing to break through in this section, where their lines are nearest the Verdun fortress.

The Russians are displaying notable activity in Galicia, claiming several successes, but the Austrians claim their infantry attacks were repulsed. The sinking of the Norwegian bark

Lindfield, 2,000 tons, sailing from Portland, Ore., was announced from London. Thirty of the crew were rescued. The French bark Bougainville was also sunk and twenty-three were rescued.

Two More to the Bottom.  
(By Associated Press.)  
London, March 23.—The British steamer Seaserpent was sunk and the Norwegian steamer Kannik was also sunk on Wednesday night, according to Lloyd's dispatch from Havre. The crews were saved.

## PARIS IS SLOWLY RECOVERING

Giving Relief to the Sufferers and Cleaning the City Continued Today.

(By Associated Press.)  
Paris, Tex., March 23.—The work of relieving the fire sufferers and cleaning the debris from the streets, was the principal business done in Paris today. There are prospects that the city will be cleared of ashes and fallen walls within the next forty-eight hours.

It seems impossible for one to do his duty and keep off everybody's toes.

## ESTABLISHES BASE TO OPERATE WITH HERRERA

Will Reorganize His Command and with Herrera and His Two Thousand Troops Operate Against the Punitive Expedition—Claimed They Would Be Able to Seriously Embarrass Gen. Pershing—No Encounter Yet Between U. S. Troops and Villa Forces—El Paso Confirms Desertion of Herrera From Carranza—Conceded That Mexican Affairs Have Reached Serious Consequences to This Country—Gen. Funston Says Revolt of Herrera Necessitates Changes in the Campaign to Meet New Situation—Rains Interfere With Communication—No Word From Lost Aviator.

(By Associated Press.)  
El Paso, Tex., March 23.—It was reported here today that Villa had established a base west of Namiquipa to reorganize his command and operate with the forces of General Luis Herrera, who is understood to have denounced Carranza and is against the Americans.

Thus far General Pershing's troops have not encountered any Villa followers.

Herrera's 2,000 well-equipped troops, joined with Villa, could seriously embarrass General Pershing's forces and interrupt communications with the border.

Confirms Herrera Report.  
(By Associated Press.)  
El Paso, Tex., March 23.—Private advices here today confirmed the reports that General Luis Herrera had joined the Villistas at Chihuahua, although official confirmation is lacking. This left little room for doubt that Mexican affairs have reached a point fraught with serious consequences to this country.

Washington Waits Official Report.  
(By Associated Press.)

Washington, March 23.—The war department is without confirmation today of the reported revolt of Chihuahua garrison to Villa, although such a message was passed by the censor at Columbus last night. No new advices on the punitive expedition have been received, and there is no indication that the American troops have been fired upon.

### Conditions Changed.

(By Associated Press.)

San Antonio, Tex., March 23.—General Funston made it plain today that carrying on the Mexican campaign must be done to meet an altered situation, caused by the injection of additional forces to the Villa followers, although it is not positively known that Herrera and his 2,000 men went over. It is not known here whether the Seventh Cavalry has encountered any Villistas as reported last night, but General Funston admitted such had probably occurred.

### Amateurs May Cause Break.

(By Associated Press.)

Douglas, Ariz., March 23.—It is possible, according to army officers here, the interference by amateur wireless operators having stations along the border, has caused the break in the communications between General Pershing's command and the military base.

No arrests have been made, but several amateur sets have been dismantled.

### Rains Interfering.

(By Associated Press.)

Columbus, N. M., March 23.—Communication between the military base and general Pershing's columns in Chihuahua was again interrupted by rains during the night. It is expected that conditions will be normal later in the day.

### No Word From Lost Aviator.

(By Associated Press.)

Columbus, N. M., March 23.—No further word from Lieutenant Gorrel, the missing aviator, was received today.

## URGED A CALL FOR 50,000 VOLUNTEERS

Declared Administration Trifling With Lives of Men by Using Small Force in Border Trouble.

(By Associated Press.)  
Washington, March 23.—Senator Sherman of Illinois Wednesday introduced a resolution to authorize and direct the president at once to call for 50,000 volunteers for service in Mexico. Under the rules, it lies on the table until tomorrow.

"I am apprehensive that congress does not fully appreciate conditions on the Mexican border and in Mexico," said Senator Sherman. "We have a few thousand American soldiers with their officers in Mexico. They will soon be hundreds of miles from our boundary. The railways of Mexico are demoralized in service and equipment. Tracks and bridges are easily destroyed. The communications with forces in pursuit of Villa may be cut at any hour. In case of an emergency what military strength we have can be mobilized promptly and massed for the support or protection of our far distant line advancing into unknown territory.

"I wish to warn those in authority in the executive department that we are trifling with the lives of men, with the safety of our border states and with our national honor more than some seem to appreciate.

"If it be neglected, the delay will be the kind of blunder that is worse than a crime. The best method of redeeming ourselves from disaster is to be prepared before the disaster arrives. That is the purpose of this resolution."

## 5,000 HOMELESS AT NASHVILLE

Six Hundred Residences Burned, With Property Loss of Million and a Half.

(By Associated Press.)  
Nashville, Tenn., March 23.—The citizens and charity are caring for 5,000 people who were made homeless in the severe fire which burned most of East Nashville last night. Six hundred residences were burned, with a total loss of \$1,500,000.

Jim Tobias was in the city today from Kurten.

## ORDERED HELD ON POISONING CHARGE

Millionaire Druggist and Wife Died Under Suspicious Circumstances. Son-in-Law Held.

(By Associated Press.)  
New York, March 23.—District Attorney Swann ordered the arrest today of Dr. Arthur Warren Waite, son-in-law of John E. Peck, millionaire drug dealer of Grand Rapids, whose death and that of his wife has been under investigation. The autopsy showed deposits of poison in their stomachs and intestines.

When the detectives went to arrest Waite they found him in a stupor from a self-administered opiate. Physicians are working on him to save his life.

## AGUSTA SWEEP BY FURIOUS FLAMES

Business District Suffered \$5,000,000 Property Loss—No Lives Lost.

(By Associated Press.)  
Augusta, Ga., March 23.—It is estimated that the total damage done by last night's fire in the business district will be \$5,000,000. No lives are reported lost.

## LONG DROUTH BROKEN IN TEXAS

(By Associated Press.)  
Dallas, Tex., March 23.—Rains over North and East Texas today, although light, broke the fifty-two-day drouth, and will be of much benefit to ranges and farm lands.
